

Proposed Changes

SID #	Keyword Tags	Primary Keyword	Original Standard	Revised/New Standard
387 (revised)	Post-Preliminary; Coordination; Federal Register	Fed Register	<p>The proposed Federal Register Flood Hazard Determination Notices shall be compiled for all communities affected by the addition or modification of flood hazards for concurrence and signature by FEMA and publication in the Federal Register. The Proposed Notice shall then be submitted to the designated FEMA coordinator for routing, concurrence, and signature.</p> <p>The FEMA coordinator shall coordinate with Office of Federal Register to ensure timely publication of the Proposed Notice in the Federal Register. The published Proposed Notice must then be reviewed to ensure accuracy; corrections (if needed) must be made, and other Project Team members must be notified.</p>	<p>The appropriate Federal Register Flood Hazard Determinations Notice proposing changes to flood hazard information shall be compiled for all communities affected by the addition or modification of flood hazards (i.e., the Proposed Notice for flood risk studies and the Interim Notice for LOMRs). The Notice shall include a hyperlink for the official FEMA website through which stakeholders can access the products depicting the proposed flood hazard changes. The Notice shall be submitted to the designated FEMA coordinator to route for concurrence and signature.</p> <p>FEMA shall coordinate with Office of Federal Register to ensure timely publication of the Notice in the Federal Register. The published Notice must be reviewed to ensure accuracy; if needed, corrections must be made, and other Project Team members must be notified of the correction.</p>
601 (new)	Flood Insurance Study (FIS); FIRM Database; Regulatory Products; FIRM	FIS/FIRM	New Standard	<p>The Community Map Repository address for each community listed in the Federal Register Flood Hazard Determination notice must be a physical address (i.e., not a P.O. Box) confirmed by the community. Additionally, the repository address must be consistent among all related products (FIS, FIRM Index, FIRM Database, FHD Web tool, and Federal Register), both hard copy and online versions, before starting the 90-day appeal period.</p>
602 (new)	Levees; NLD	Levee	New Standard	<p>For Flood Risk Projects, communities, levee owners, mapping partners and FEMA shall leverage data and documentation (e.g. USACE inspections, screenings, risk assessments, etc...) when available in the USACE National Levee Database (NLD) and/or from local communities, tribal entities, State agencies, and other Federal agencies.</p>
